

1    Q.    **Re: Project B-7 Refurbishment of Marine Terminal**

2            At page 15 of the July 2011 report in support of this Project, Hydro refers to various  
3            legislation which will apply to the implementation of the Project, if it proceeds, but  
4            not to the selection of the work scope. Confirm that Hydro has received no directive  
5            from any government department or agency that the proposed work is required to  
6            meet the requirements of any of the listed legislation.

7

8

9    A.    Hydro has not received a directive from any government department or agency that  
10          the proposed work is required to meet the requirements of any of the listed  
11          legislation. The scope of work for this project has been selected based on sound  
12          engineering principles to ensure that the terminal facility is able to operate both  
13          safely and efficiently for the next ten years.
