

- 1 Q. **Re: B-5, Rewind Generator Units 1 and 2, \$112,200 in 2012, \$1,107,600 in 2013,**  
2 **and \$10,681,400 in future years**  
3 In relation to the AMEC report at page D3, why weren't additional measures "*taken*  
4 *in 2003 to prevent the end-windings looseness from re-occurring*", as referenced by  
5 AMEC?  
6  
7  
8 A. Please see response to P2-IC-NLH-24.
