

1 Q. **Re: B-5, Rewind Generator Units 1 and 2, \$112,200 in 2012, \$1,107,600 in 2013,**
2 **and \$10,681,400 in future years**

3 In relation to the AMEC report at page D3, will Hydro complete the “*bump*” test on
4 the end-winding coils, and add extra support blocks as referenced by AMEC?

5

6

7 A. Please see response to P2-IC-NLH-24.
