

1 Q. **Re: B-7, Upgrade Marine Terminal – Holyrood \$5,859,600 in 2012**

2 Are the potential solutions to the problems in relation to the flanged connections to
3 the ship included in the proposed work?

4

5

6 A. Yes, the potential solutions to the problems in relation to the flanged connections
7 to the ship are included in the proposed work. The solution will be optimized
8 during the final design process to achieve the least-cost alternative.
