

1 Q. Re: Burnt Spillway Refurbishment Volume II (Tab 6)

2 What is the "updated evidence" that Hydro is referring to at page 1?

3

4

5 A. The updated evidence Hydro is referring to at page 1 is a report prepared by Weir  
6 Power and Industrial Services, a service company that specializes in the inspection  
7 and refurbishment of mechanical and electrical equipment related to hydraulic gate  
8 structures common to the hydro generation industry. A copy of that report is  
9 provided in Appendix B to the report at Volume II, Tab 6.
