

1    Q.    **C-113, Replace Insulators, \$411,600**

2            On p. C-114 Hydro states that “There are approximately 47 percent left to be  
3            replaced.” What percentage of the insulators does Hydro intend to replace in  
4            2012?

5

6

7    A.    The planned replacement targets for the remaining insulators are listed below for  
8            2011, 2012, and 2013.

Year	% Planned To Complete of Remaining Insulators
2011	14.4
2012	15.8
2013	16.8

9            As can be noted, the plan is to complete approximately one third of the remaining  
10           insulators in each year.
