

1 Q. **C-136, Upgrade Transmission Line Access Trails \$313,000**

2 Does Hydro have an agreement permitting it to use these trails? If so, provide a  
3 copy. If not, why not?

4

5

6 A. Hydro currently has an agreement in place to use the access trails based on a policy  
7 directive letter issued in 1995 by the Government of Newfoundland and Labrador,  
8 Department of Natural Resources, outlining measures to be adhered to when using  
9 access trails for the inspection and maintenance of power lines and generating  
10 stations. Please refer to the attachment filed in response to IC-NLH-22.
