

1 Q. How does Hydro plan to seek recovery of the large annual increases in revenue
2 requirement arising from the proposed 2012-2017 capital expenditures subsequent
3 to the next general rate application?
4

5
6 A. Hydro anticipates that its revenue requirement arising from the proposed 2012-
7 2017 capital expenditures would be recovered through the normal general rate
8 application process. Hydro does not anticipate recovering these costs through any
9 other mechanism.
