

1 Q. **B-45, Upgrade Circuit Breakers, Various Sites, 1,677,000**

2 Is Hydro seeking approval of this project as a multi-year project?

3

4

5 A. No. Hydro is seeking approval for the first year of this multi-year program. With this
6 Upgrade Circuit Breaker proposal being a program, there is a greater chance of
7 priorities changing and as a result estimates will have to be updated. This would
8 become more difficult to manage as a multi-year project.
