

1 Q. **B-45, Upgrade Circuit Breakers, Various Sites, 1,677,000**

2 On p. 17 of the report *Upgrade Circuit Breakers, July 2011*, Volume II, Tab 15, Hydro  
3 states that “One breaker replacement will be completed in 2012...”, while in  
4 Appendix E, p. E2, Hydro lists two Air Blast breakers that will be replaced in 2012.  
5 Please confirm the number of air blast breakers that will be replaced in 2012.

6

7

8 A. In 2012, there will be two breakers replaced but only one under the Upgrade Circuit  
9 Breaker project. The other breaker will be replaced under a previously approved  
10 Capital project (for 2011 and 2012) SSD (Sunnyside), Replace 230 kV Circuit Breaker,  
11 L03L06.
