

1 Q. **B-48, Increase Generation Capacity – Mary’s Harbour \$1,489,000**

2 P. 19 of the report in Volume II, Tab 16 refers in Table 13 to the new unit at the
3 Charlottetown Diesel Plant. A letter from Newfoundland and Labrador Hydro to the
4 Board dated April 27, 2011 stated that an application to restore the allowance for
5 Unforeseen Items depleted for the new unit for Charlottetown would be made “in
6 the near future”. When does Hydro plan to file this application?

7

8

9 A. Hydro plans to file the application during Q4 2011.
