

1 Q. **Fuel Oil Storage Facility:** With reference to Hydro's response to CA-NLH-4 and CA-  
2 NLH-5 in the 2011 Capital Budget Application, what is the relative rank of this  
3 Project, in relation to the Projects recently filed in the 2012 Capital Budget  
4 Application?

5

6

7 A. The Fuel Oil Storage Facility was ranked as 1 in the 2011 Capital Budget Application.  
8 A similar project to refurbish another facet of the Fuel Storage Facility was not part  
9 of the 2012 Capital Budget Application although it was submitted as part of the five-  
10 year plan and scheduled for 2013. If the Fuel Storage facility were part of the 2012  
11 list of projects, Hydro would still give the Project a ranking of 1. Please see  
12 response to IC-NLH-11 for discussion of the project prioritization process.
