

1 Q. Refurbishment of the Fuel Oil Storage Facility, Holyrood Thermal Generating

2 Station

3 In Appendix A of the report, page 10 of 248, AITEC recommends, in November  
4 2003, that NLH do a 5-year external inspection of Tank #3 in 2008. Was an external  
5 inspection of Tank #3 undertaken in 2008 or at a later date?
