2           retirements and percent surviving values, based on the same placement band as  
3           used in the depreciation study, but relying on 20, 30 and 50-year experience bands.

- 6    A.    Please refer to the response to CA-NLH-22. Given that retirement transactions prior  
7           to 1991 are not available in electronic format, it is not possible to analyze any  
8           longer experience bands as requested.
