6 A. When outside entities damage Hydro's plant, Hydro repairs the damaged property  
7 to the required standard and invoices the party which caused the damage or their  
8 insurer. Hydro does not require a formal contract to be signed.

10 With regard to the relocation of plant, Hydro's existing customers or external  
11 parties are treated in accordance with the approved Rules and Regulations. Hydro  
12 does not require a formal contract to be signed since the customer or external party  
13 must pay in advance of Hydro doing any work. Section 9 (c) of the Rules and  
14 Regulations reads as follows:

15

16 *"Where special facilities are required or requested by the Customer or any*  
17 *facility is relocated at the request of the Customer, the Customer shall pay*  
18 *Hydro in advance the estimated additional cost of providing the special*  
19 *facilities and the estimated cost of the relocation less any betterment."*
