

1 Q. Re: Account T05: Please provide the number, voltage, size and cost of
2 transformers retired by year for the past 20 years in Account T05 - Transformers.

3

4

5 A. Refer to CA-NLH-138 Attachment 1 for the list of assets retired from account T05 -
6 Transformers from 1991 to 2009. This represents 19 years of data which is all that
7 is electronically available. The quantity disposed of is not available from 1991 to
8 1998. Included in this account are potential transformers and current transformers
9 as well as power transformers. The voltage and size were not captured separately
10 as part of the asset record. However, this information is sometimes captured as
11 part of the asset description as shown in the attachment.

Cost and Quantity of Transformers Retired from 1991-2009 for Unit of Property T05 - Transformers

Year	Asset # ¹	Quantity ²	Description	Date Acquired	Date Disposed	Cost \$
1991	N/A	N/A	RETIRE INSTALLATION COST OF XFORMER T3 AT HOLYROOD	1971	December-1991	(47,226)
