

1 Q. [Account R14 - Routers LAN] - In CA-NLH-119, the Company states that although  
2 routers have been replaced, the old ones are kept as spares. At this time, please  
3 state whether the Company believes that routers kept as spares constitute retired  
4 property and, if so, provide all support and justification for such position. Finally,  
5 provide a listing of those routers along with the corresponding investment and date  
6 of installation that are retained as spares. The information should be provided on  
7 electronic medium in Excel readable format.

10 A. Hydro does not believe that routers kept as spares constitute retired property and  
11 would instead be considered standby equipment. Please see CA-NLH-201  
12 Attachment 1 for listing of routers retained as spares.
