
1 Q. [Account TO9 - Turbines] - In CA-NLH-145, the Company states that the operations
2 group agrees that the continued use of a 50-year average service life is appropriate.
3 At this time, provide a detailed narrative identifying the basis for such position
4 along with all supporting documentation, including all meaningful and significant
5 factors.

6

7

8 A. The operations group was provided with a preliminary version of the results of the
9 retirement rate analysis in order to provide comment and to verify the
10 reasonableness of the preliminary estimates. The operations group provided a
11 check of the reasonableness of Gannett's recommendations based on their
12 experience and knowledge of the system and their comments were not based on
13 any specific documentation.
