

1 Q. [P10-Powerhouses] - Please identify any powerhouses associated with hydroelectric
2 facilities that were relocated that Gannett Fleming or Hydro are aware of. For each
3 relocation, specifically identify the facility, location, size, type of construction,
4 owner, year built and relocated, and the specific reason for relocation.

5

6

7 A. Please refer to CA-NLH-257 Attachment 1, being a letter to Mr. Kennedy from
8 Gannett Fleming, Inc. prohibiting Mr. Kennedy from providing the client name
9 specific to each of the circumstances related to the life estimates in the attachment
10 to CA-NLH-156.

11

12 However, in an effort to be responsive to this information request, Gannett Fleming
13 is aware of powerhouse relocations in the province of British Columbia in the early
14 2000s, and in the Northwest Territories currently underway. However, Mr.
15 Kennedy does not have the location, type of construction, year built or the specific
16 reason for relocation of the powerhouses in these circumstances.
