

1 Q. With reference to Part IV of the 2011 Study, Account A01 – Aircraft Landing Strip
2 [pages IV-2 and 3 of Exhibit 1], please describe the investments contained in this
3 account.

4

5

6 A. The investments contained in this account consist of strobe lighting at Grand Lake,
7 aircraft warning markers on transmission lines and a helicopter landing pad at
8 Bishop’s Falls. Even though some of these assets are not related to landing strips,
9 they are related to aircraft. The operations staff felt that this was the best unit of
10 property for these assets.
