

1 Q. As clarification, is it Hydro's proposal that the resulting depreciation rates
2 recommended in the 2009 depreciation study for each account be applied on an
3 individual asset basis within each account? If no, please explain.
4
5

6 A. Yes, however it is noted that the results of the depreciation study are implemented
7 through the use of the composite remaining life of the overall group being assigned
8 to each asset within the group.
