#### **Process for recording time**

The Company has a mandatory timesheet requirement whereby employees are required to code all paid hours to a work order or appropriate leave code. Mandatory timesheet reporting was implemented beginning in April of 2010. PUB-NLH-226 and PUB-NLH-323 refer to the policy regarding mandatory time sheets. Exhibit 8 outlines the guidelines for recording Type 1 and Type 2 charges through timesheets.

Timesheet processes are also outlined in the Employee Orientation Program. See Attachment 1 for a copy of the relevant section. This document is also available on the Company's intranet. Supervisors are responsible to advise employees of relevant work orders associated with their specific working environment as part of their orientation.

#### Timesheets

- Employees must submit electronic timesheets on a bi-weekly basis. This form is used to record hours worked, vacation, another absence reasons. This is also where you would submit travel expenses.
- For all employees, a timesheet is required for all hours, inclusive of leave. <u>All hours worked must be coded to a work order</u> <u>number</u>. A work order number is not required for leave time, such as vacation, floater, sick leave, etc.
- For **temporary employees** all time must be recorded and approved on a timesheet in order to be paid.
- Note: In some locations, electronic time sheets are completed on behalf of employees by designated administrative staff. Please ask your supervisor or administrative staff what the process is in your area.

### Timesheets

- Ensure timesheets for both weeks of the pay period have been accepted by the system. You can do this by searching for your name with the appropriate week ending dates in the T/S Database. It has been accepted if it says "Approved by JDE" or "Submitted to Payroll."
- All time sheets must be "Approved by JDE" by Monday, 4:30 pm of the second week of the pay period.

 Timesheets should be submitted to your supervisor on or before Friday of each week to ensure your supervisor can review and submit on time.

# Finding the T/S Database

The Timesheet Database is accessible in Lotus Notes. If the Icon is not visible, please use the following steps:

- From the Applications Menu, scroll through the Workspace list and click on "T/S Database" to access your timesheets.
- If you'd like to Bookmark the T/S Database in your Lotus Notes Quick Links (viewable on the left-hand sidebar menu), please follow the steps as outlined on the following slides.

For assistance, you should speak to your On-Boarding Buddy.

### **Bookmarking the T/S Database**

## **Bookmarking the T/S Database**

### **Creating a Timesheet**

- Once you have bookmarked the Timesheet Database, you can now start entering timesheets.
- Ask your supervisor for Work Order numbers and your Employee ID.
