Dear Sir:

**Re: Newfoundland and Labrador Hydro – Installation of Diesel Units at Holyrood for the Purposes of Black Starting the Generating Units / Supply and Install 100 MW(Nominal) of Combustion Turbine Generation – Request for Information - Revision**

In reviewing the Requests for Information (RFI) submitted in the above-noted matter, to provide further clarity the Board has revised the following RFI:

**GT-PUB-NLH-26 (Revised)** On page 32 of the Report it is stated that contact was made with a number of suppliers to get current budgetary quotes for an Engineer, Procure and Construct (EPC) contract to supply and install a 60 MW combustion turbine and unit transformer at Holyrood. What was the range of quotes and completion dates provided?

If you have any questions, please do not hesitate to contact the Board's Legal Counsel, Ms. Jacqui Glynn, by email, jglynn@pub.nl.ca or telephone, (709) 726-6781.

Yours truly,

Cheryl Blundon  
Board Secretary
