Dear Sirs:

Re: Newfoundland and Labrador Hydro Combined Applications - Installation of Diesel Units at Holyrood for the Purposes of Black Starting the Generating Units and Supply, and Install 100 MW (Nominal) of Combustion Turbine Generation – Revised filing date

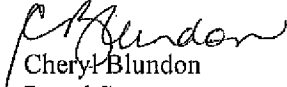

This is further to Hydro's request of June 10, 2014 for an extension for the filing of responses to the requests (RFIs) for information in this matter.

The Board has reviewed the comments received and advises that it has extended the filing date for Hydro's responses to the RFI's to **3:00 pm, Friday, July 25, 2014**. To move the process forward the Board asks that Hydro submit any responses which may be available in advance of this date as soon as they are completed.

Please note that the remaining schedule will be set following receipt of the responses to RFIs.

If you have any questions please do not hesitate to contact the Board's Legal Counsel, Ms. Jacqui Glynn, by email jgylmn@pub.nl.ca or by telephone 709-726-6781.

Yours truly,

Cheryl Blundon
Board Secretary
