5 A. The original owner was Associated Electric Cooperative, Inc., 2814 S Golden Ave,  
6 Springfield, MO 65807, United States. The original documents that accompany the  
7 unit are voluminous and cover a broad range of topics. Therefore, this question is  
8 too broad and unfocused and the response would contain information not required  
9 for an understanding of the matters before the Board.
