

1 Q. Please confirm if all employees have been hired to operate this plant and if they  
2 have received all the training required.

3

4

5 A. The employees who will be involved in operating this plant will be in place to  
6 participate in the start-up and commissioning of the plant. In addition, these  
7 employees will receive all required training in the operation and maintenance of  
8 the plant and its equipment and systems prior to taking operation and maintenance  
9 responsibility.
