

1 Q. On page 32 of the Report it is stated that consideration was given to adding a larger  
2 generation unit to aid integration of the Labrador Island HVdc Link. Define  
3 *"integration"* as used in this context.  
4

5  
6 A. Integration in the context of page 32 of the Report means the successful connection  
7 and long term operation of the proposed addition (the Labrador-Island HVdc Link in  
8 this case) within the Island Interconnected System such that all transmission  
9 planning criteria are met.
