

1 Q. Provide an update to Table 9 page 34 of the Report to include the cost of including
2 synchronous condenser capability and indicating the time at which, for the purpose
3 of this exercise, it would be added.

4

5

6 A. Please see Hydro's response to GT-NP-NLH-020. As Hydro has not yet determined if
7 it will be adding synchronous condensing capability to this combustion turbine,
8 there is no update to Table 9 on page 34 of the Report.
