

1 Q. Hydro, in its Application filed April 30, 2014, estimates a capital cost of \$291.7
2 million dollars, with an in service date of May 1, 2018, for this project. As at the
3 date of Hydro's response to this request for information, do the foregoing still
4 reflect Hydro's best information with respect to the estimated capital cost and in
5 service date for this project?

6
7
8 A. The capital cost estimate of \$291.7 million with an in-service by May 1, 2018
9 continues to reflect Hydro's best information with respect to the capital cost and in-
10 service date.
