

- 1 Q. At page viii of the Hydro report "Upgrade Transmission Line Corridor" dated April  
2 28, 2014, Hydro states that it examined possible alternatives to resolve the stability  
3 issue and narrowed down the options warranting more detailed analysis to the four  
4 solutions examined in the report. Please provide a description of all the other  
5 possible alternatives to resolve the stability issue examined by Hydro, and copies of  
6 all reports and analysis completed by or for Hydro in relation to those other  
7 possible alternatives.
