

1 Q. On page 5 of the Upgrade Transmission Line Corridor Report reference is made to
2 the capacitor banks at Come by Chance. Does Hydro have any contractual
3 obligations with Nalcor Energy regarding the operation, maintenance and use of
4 these capacitors? If yes, explain the obligations in detail.

5

6

7 A. The four 38.35 MVAR capacitor banks and associated equipment at the Come By
8 Chance Terminal Station, installed in 2011/2012, are owned by Nalcor Energy.
9 Although there is no formal agreement in place, to date the capacitor banks and
10 associated equipment are operated and maintained by Hydro with associated
11 maintenance costs paid for by Nalcor Energy.
