

- 1 Q. On page 32 in Table 6.3 of the Upgrade Transmission Line Corridor Report text is
2 missing in the Upgrades column for Winter Peak, “loss of TL207 overload of TL203
3 in monopole no standby to start”. Should this be Bay d’Espoir to Western Avalon
4 Line? If not, did the proposed line not have any impact on this case?

7 A. Hydro confirms that the missing text in the Upgrades column for Winter Peak, “loss
8 of TL207 overload of TL203/In monopole no standby to start” is “BDE to WAV Line”.
