

1 Q. Please describe the role of the “Consultant” referred to on page 68 of the Upgrade
2 Transmission Line Corridor Report and describe the skills and benefits this position
3 brings to the project that are not resident within Hydro.

4

5

6 A. The skills required to carry out this work are resident in Hydro. However, Hydro
7 plans workload against available resources and selectively augments its team with
8 consultants as required in order to address the requirements of peak work load
9 periods.
