

1 Q. **Tab C, 2014 Capital Projects \$500,000 and Over: Explanations – Upgrade Diesel**
2 **Plant Projection Data Collection Equipment, p. C-60**

3 At p. C-60 it states that a total of 21 diesel plants are scheduled to be done. At p. C-
4 61 it states that “the driver for this project is to provide load data for each of
5 Hydro’s diesel plants as input for planning future plant upgrades and engine sizing
6 and to enable analysis to ensure that each plant is operating properly...”. Please
7 confirm that planning for future plant upgrades and engine sizing is not dependent
8 upon this project’s approval. If this cannot be confirmed, please explain why.

9
10

11 A. Planning for future plant upgrades and engine sizing is not dependent upon this
12 project’s approval.

13

14 However, as noted in the Capital Budget Proposal, having this additional and more
15 refined information will improve planning for future plant upgrades and engine
16 sizing.
