

- 1 Q. **Reference: Replace Telephone System, Volume I, Section E, Page E-243**
- 2 Has Newfoundland and Labrador Hydro conducted a net present value analysis
- 3 against alternatives to determine whether or not the proposed solution is least
- 4 cost? If so, please provide the analysis.
- 5
- 6
- 7 A. Hydro has not conducted a net present value analysis against alternatives as no
- 8 viable alternatives have been identified. The proposed equipment is the standard
- 9 make and types installed at numerous other sites.
