

1 Q. For the record, please supply any evidence that any party (i.e. Nalcor) or consultant
2 (i.e. Manitoba Hydro International) submitted during the 2012 Muskrat Falls Review
3 that would suggest that the power supply from Muskrat Falls would not be reliable
4 until 2021.

5

6

7 A. Hydro is unaware of any evidence that either Nalcor or a consultant submitted
8 during the 2012 Muskrat Falls Review that would suggest that the power supply
9 from Muskrat Falls would not be reliable until 2021.
