

1 **Volume 2, Tab 13 – Rate Design Review**  
2

3 **Q. How much of the embedded customer-related costs including the cost of the meter,**  
4 **the service wire and the costs associated with billing a customer will be recovered at**  
5 **the proposed basic customer charges for Rates 1.1 and 2.1?**  
6

7 A. The total embedded customer-related cost, including allocated distribution costs and  
8 customer specific costs such as the cost of the meter, service wire and billing costs, for  
9 Domestic Rate 1.1 and Small General Service Rate 2.1 are shown in *Rate Design Review*,  
10 Volume 2, Supporting Materials, Tab 13, Appendix A, Table 15.  
11

12 The proposed basic customer charge of \$15.59 per month for Domestic Rate 1.1 will  
13 recover approximately 75 per cent of the total embedded customer-related cost of \$20.88.  
14

15 The proposed basic customer charge of \$19.08 per month for Small General Service Rate  
16 2.1 will recover approximately 80 per cent of the total embedded customer-related cost of  
17 \$23.80.
