3 **Q. Given CEA restrictions on use of data for trending purposes (note 3, page A-1) and**  
4 **on use of data in regulatory settings (page 2), is NP considering development and**  
5 **use of an alternative peer group?**

6

7 A. Newfoundland Power reports to the extent possible on performance measure  
8 comparisons with composite groups of Canadian and American utilities, subject to  
9 limitations on availability of data imposed by utilities and/or industry associations. It is  
10 Newfoundland Power's current intention to continue to report available information on  
11 this basis.

12

13 Newfoundland Power is not considering development and use of an alternative peer  
14 group at this time.
