

1 **Volume 1, Section 2 – Customer Operations**

2

3 **Q. Does NP have unmarked vehicles in its fleet? If so, how many and where are they**
4 **posted/assigned? Why are they unmarked?**

5

6 A. Newfoundland Power currently has 44 vehicles in its fleet that are unmarked. Unmarked
7 vehicles are assigned to individuals who must be available to respond quickly to
8 operational, business related or customer issues outside normal working hours, and who
9 require a vehicle for that purpose. Some members of senior management are also
10 provided with an unmarked vehicle as part of their overall employment benefits package.

11

12 Table 1 provides a listing of unmarked Company vehicles and the classifications of
13 employees to whom these vehicles are assigned.
