

1 **B-5 Upgrade Access Road, Upper Salmon, \$674,500**

2 Q. Please describe any possible events that might lead to “major uncontrolled
3 releases of fuel”. Have any such incidents occurred?

4

5

6 A. The event that might lead to an uncontrolled release of fuel would involve a
7 fuel truck leaving the road due to the presence of potholes and cobble sized
8 rocks. There have been no such incidents to date. However the condition of
9 the road is such that the risk exists and potential for injury to personnel and
10 environmental damage, with attendant high cleanup cost, is real.
