

1 **B-32 Construct Transmission Line Equipment Off-Loading Ramps, \$402,000**

2 Q. Has NLH undertaken a cost benefit analysis with regard to the construction
3 of these ramps? If so, please provide.

4

5

6 A. A cost benefit analysis has not been undertaken. The primary justification for
7 these ramps is to eliminate conditions which are dangerous to Hydro
8 personnel and the public.
