Subject: RE: Pre hearing Conference

Good Morning Ms. Blundon:

My intention is to make a short presentation requesting the PUB to broaden the scope of its investigation such that it is not limited to the specific events at Holyrood and related assets which led to the power 'black outs' in early January. I will ask the Board to consider matters such as the risks associated with the Labrador Island Link, the Water Management Agreement and the Energy Access Agreement with Emera each of which place insecurities into our power supply after Muskrat Falls comes on stream. They relate in particular to the capital commitment to Holyrood and to questions of Holyrood's long term function. I will also raise the matter of the transmission line upgrade from the Avalon to Central Newfoundland.

I expect to keep my comments to within 15 minutes, provide hard copy to the Board, as well as table documents.

I trust this is satisfactory.

Sincerely,
Des Sullivan

Subject: Pre hearing Conference

Ms. Cheryl Blundon
Board Secretary
PUB

This is to advise that I shall be appearing at the Pre-hearing Conference of the PUB to be held on Wednesday, February 5, 2014.

[REDACTED]

[REDACTED]

I trust this is satisfactory.

Sincerely,

Desmond Sullivan
