

## Newfoundland Labrador Hydro (NLH) Supply and Demand Status Report Filed Tuesday, October 18, 2022

### Section 1 Island Interconnected System Supply, Demand & Exports Actual 24 Hour System Performance For Monday, October 17, 2022

#### Supply Notes For October 17, 2022

1,2

- A As of 0800 hours, July 31, 2022, Holyrood Unit 2 unavailable due to planned outage (150 MW) (170 MW).
- B As of 1040 hours, August 27, 2022, Holyrood Unit 3 available but not operating (150 MW).
- C As of 1135 hours, October 05, 2022, Bay d'Espoir Unit 3 unavailable due to planned outage (76.5 MW).
- D As of 1628 hours, October 10, 2022, Bay d'Espoir Unit 4 unavailable due to planned outage (76.5 MW).
- E As of 2017 hours, October 11, 2022, Holyrood Unit 1 available at 150 MW (170 MW).
- F **At 1425 hours, October 17, 2022, Hardwoods Gas Turbine unavailable due to planned outage (50 MW).**

### Section 2 Island Interconnected Supply and Demand

Tue, Oct 18, 2022	Island System Outlook <sup>3</sup>	Seven-Day Forecast	Temperature (°C)		Island System Daily Peak Demand (MW)		
			Morning	Evening	Forecast	Adjusted <sup>7</sup>	
Available Island System Supply: <sup>5</sup>	1,698 MW	Tuesday, October 18, 2022	13	11	1,035	1,035	
NLH Island Generation: <sup>4,8</sup>	1,150 MW	Wednesday, October 19, 2022	12	11	775	775	
NLH Island Power Purchases: <sup>6</sup>	100 MW	Thursday, October 20, 2022	13	15	820	820	
Other Island Generation:	205 MW	Friday, October 21, 2022	15	11	795	795	
ML/LIL Imports:	243 MW	Saturday, October 22, 2022	9	11	785	785	
Current St. John's Temperature & Windchill:	10 °C	N/A	°C		Sunday, October 23, 2022	810	810
7-Day Island Peak Demand Forecast:	1,035 MW	Monday, October 24, 2022	8	5	935	935	

#### Supply Notes For October 18, 2022

3

- Notes:
1. Generation outages for running and corrective maintenance are included. These are not unusual for power system operations. They generally do not impact customer supply. The power system operators schedule outages to system equipment whenever possible to coincide with periods when customer demands are low and sufficient supply reserves are available. However, from time to time equipment outages are necessary and reserves may be impacted.
  2. Due to the Island system having no synchronous connections to the larger North American grid, when there is a sudden loss of large generating units there may be a requirement for some customer's load to be interrupted for short periods to bring generation output equal to customer demand. This automatic action of power system protection, referred to as under frequency load shedding (UFLS), is necessary to ensure the integrity and reliability of system equipment. Under frequency events have typically occurred 5 to 8 times per year on the Island Interconnected System and the resultant customer load interruptions are generally less than 30 minutes. With the activation of the Maritime Link frequency controller during the winter of 2018, UFLS events have occurred less frequently.
  3. As of 0800 Hours.
  4. Gross output including station service at Holyrood (24.5 MW) and improved NLH hydraulic output due to water levels (35 MW).
  5. Gross output from all Island sources (including Note 4).
  6. NLH Island Power Purchases include: CBPP Co-Gen, Nalcor Exploits, Rattle Brook, Star Lake, Wind Generation and capacity assistance (when applicable).
  7. Adjusted for curtailable load, market activities and the impact of voltage reduction when applicable.
  8. Due to limitations inherent in the design of combustion turbines, the output of combustion turbines may be reduced in the event that ambient temperatures exceed the threshold.

### Section 3 Island Peak Demand Information Previous Day Actual Peak and Current Day Forecast Peak

Mon, Oct 17, 2022	Actual Island Peak Demand <sup>9</sup>	11:25	1,015 MW
Tue, Oct 18, 2022	Forecast Island Peak Demand		1,035 MW

- Notes: 9. Island Demand / LIL / ML Exports (where applicable) is supplied by NLH generation and purchases, plus generation owned and operated by Newfoundland Power and Corner Brook Pulp & Paper (Deer Lake Power, DLP).
