

1 Q. Has Hydro approached Newfoundland Power to modify the terms, conditions and  
2 prices offered to its Curtailable Service customers in order to make it a more  
3 effective resource during system emergencies? What might Hydro recommend to  
4 make this resource more effective during system emergencies?

5

6

7 A. Hydro is currently working with Newfoundland Power to determine how its  
8 curtailable arrangement could be modified to make it more effective during system  
9 emergencies. These discussions are ongoing.
