

1 Q. Are there other customers who own generation that can be approached about
2 making their generation available during system emergencies under terms,
3 conditions and prices similar to those offered CBPP?
4

5
6 A. The only other customer with available generation is the Vale facility at Long
7 Harbour, which will have a level of backup diesel generation. Discussions are
8 currently ongoing with Vale to determine customer interest and the applicability of
9 this generation.
