

1 Q. Please provide the final path of the transmission line coming to Forteau Point and  
2 show any access roads being built or to be built to access this line in the future.

3

4

5 A. The route of the transmission line approaching Forteau Point is as shown on the  
6 following map:

7

8 On this map, the two blue lines represent the limits of the right of way. The access  
9 road to the site is parallel to the transmission line.

10

11 An interactive map of the entire transmission line route is available from:

12 <http://weather.amec.com/nalcor-LCPTR>.
