

1 Q. In the event of an extended forced outage to the HVDC system resulting from an  
2 iceberg-related forced outage of the HVDC line under the Straits of Belle-Isle, does  
3 Nalcor have a plan for providing replacement power and energy to NLH and to  
4 Emera? If so, please provide the details of this plan. If not, why has NLH not insisted  
5 on the development of such a plan?

6

7

8 A. Please see Hydro's response to GRK-NLH-035.
