

1 Q. **Re: PUB-NLH-210**

2 **Citation :**

3 The key risks for the project what have already been successfully mitigated include
4 the following: ...

5 **Preamble:**

6 There is no mention in the document of risks to the physical integrity of the
7 Muskrat Falls dam related to the risk of retrogressive spreads, downhill
8 progressive landslides or "bottleneck slides" at the North Spur.

9 **Please confirm that no risk analyses have been completed that specifically**
10 **consider risks to the physical integrity of the Muskrat Falls dam related to the**
11 **risk of retrogressive spreads, downhill progressive landslides or "bottleneck**
12 **slides" at the North Spur.**

13 **If such studies exist, please produce them.**

16 A. Please see Hydro's response to GRK-NLH-115. Hydro also notes that this is
17 generally the same question as posed in GRK-NLH-046 that has been previously
18 responded to by cross reference to Hydro's response to GRK-NLH-045 (Revision
19 1, Feb 27-15).
