

- 1 **Q. Please provide incremental and cumulative MW savings resulting from Hydro’s**
2 **CDM efforts 2009-2013.**
3
- 4 A. Newfoundland Power observes that this question has been asked of Newfoundland and
5 Labrador Hydro (“Hydro”) and that Hydro is in the best position to provide the
6 information requested.
7
- 8 Attachment A to this response to Request for Information GRK-NP-005 provides an
9 estimate of Newfoundland Power’s customer demand savings arising from energy
10 conservation programming for the period 2009 through 2013. The demand savings are
11 shown on an annual, or incremental, basis.
12
- 13 Attachment B to this response to Requests for Information GRK-NP-005 provides an
14 estimate of Newfoundland Power’s customer demand savings for the period 2009 through
15 2013 on a cumulative basis.

**Estimated Annual Incremental Demand Savings
2009-2013**

**takeCHARGE Rebate Programs
Estimated Annual Incremental
Demand Savings (kW)
2009 -2013**

	2009	2010	2011	2012	2013
Insulation Rebate Program	488	674	2,322	1,150	1,213
