

1 Q. Please provide a breakdown of the person-hours, per year, dedicated by Hydro
 2 employees, and the employees of contractors of Hydro, to the inspection and
 3 maintenance of Hydro's terminal stations and substations, starting from 2005 and
 4 including actual and projected person-hours for 2014.

5

6

7 A. The following table provides actual person hours for 2005 to 2013 and projected
 8 person hours for 2014 for employees in thousands of hours for terminal stations.
 9 The table also includes actual labour costs for 2005 to 2013 and projected labour
 10 costs for 2014 in thousands of dollars for contractors for terminal stations. Hydro
 11 does not track person hours for contractors. In addition, the labour costs for
 12 distribution substations are not tracked separately and are included with
 13 distribution system inspection costs.
